IEEE EDSSC 2018 is the 14th in a series of very successful conferences initiated by IEEE ED/SSC Beijing Section Shenzhen Chapter. EDSSC 2018 continues the EDSSC tradition as a multidisciplinary forum for the exchange of ideas, research results, and industry experience in the broad areas of electron devices and solid-state circuits and systems. The technical program includes invited talks by famous scientists and contributed papers. All accepted papers will be invited to submit to the IEEE Xplore database which will be indexed by Ei Compendex

We invite contributions describing the latest scientific and technological results in subjects including but not limited to the following:

- Nanoelectronics
- Memory Devices and Tech.
- Photonic Devices
- RF & Microwave Devices
- Power Devices
- Organic Devices
- Energy Devices
- Display and Imager
- MEMS and Sensors
- Emerging Devices
- Device Reliability
- Analog Circuits
- Biomedical Circuits
- Data Conversion Circuits
- Digital and Memory Circuits
- Power Management Circuits
- RF & Microwave Circuits
- Communication Circuits

### Important Dates:

Extended Submission Deadline of 2-page Paper: **Mar 30, 2018**

Acceptance Notification: April 20, 2018
